DRI-VITT PATCH

ACRYLIC TEXTURED RIGID HARD COAT COMPOUND

DESCRIPTION & USES:

A durable high performance industrial grade 100% ACRYLIC textured cement patch. **DRI-VITT PATCH** is formulated to patch and fill cracks and voids in "Dry-Vit" or EFIS panel systems.

DRI-VITT-PATCH can also be used to re-float or touch up scars and voids in existing EFIS wall panels or decorative foam appliques or bandings. **DRI-VITT-PATCH** can also be used as an initial rigid hard finish over decorative foam or other similar type substrate.

APPLICATION

DRI-VITT PATCH can be applied utilizing a hopper, trowel or a combination of both to create a "knock down" type finish, stone finish or applied to match adjacent surfaces textures.

DRI-VITT PATCH dries to a hard, durable, rigid membrane coating that can be factory tinted to custom match a variety of colors.
